

Morgan Blake

Chief Operating Officer

@ morgan.blake@example.com 06 87654321 Amsterdam, Netherlands
in https://linkedin.com/in/morgan-blake-example https://morganblake.example.com

Profile

Operations leader with twelve years scaling B2B SaaS from Series A through growth stage. Track record owning P&L accountability, cross-functional delivery, and board reporting. Built finance, people, and customer success functions from scratch at two venture-backed companies. MBA from Rotterdam School of Management.

Core Competencies

- **Operations:** P&L ownership, OKR planning, vendor management, process design
- **Leadership:** Org design, hiring plans, executive stakeholder management, board materials
- **Commercial:** Customer retention programmes, expansion revenue, pricing reviews
- **Finance:** Budgeting, forecasting, unit economics, Series B fundraising support

Experience

Chief Operating Officer

Horizon Analytics

January 2021 – Present Amsterdam, Netherlands

Series B analytics SaaS (~120 FTE, €18M ARR).

Scale & P&L

- Grew ARR from €6M to €18M over three years while improving gross margin from 62% to 71%
- Owned annual operating plan and monthly board pack; presented to investors quarterly
- Led cost optimisation programme saving €1.2M annually without headcount reductions in engineering

Org & Delivery

- Restructured customer success into pooled and strategic tiers; net revenue retention improved from 98% to 112%
- Stood up people operations function: compensation bands, performance cycles, and manager training for 40 new hires in 2024
- Partnered with CEO on Series B raise (€22M, 2023); owned data room operations and due diligence schedule

VP Operations

BrightPath Software

March 2016 – December 2020 Rotterdam, Netherlands

Early-stage vertical SaaS for professional services firms.

- First operations hire; built finance, support, and implementation teams from zero to 35 people
- Reduced average implementation time from 14 weeks to 7 weeks through playbook standardisation
- Negotiated key vendor contracts reducing infrastructure spend by 30%
